7.3 Declarant's Right to Perform Work. In the event the Association fails to repair or maintain Common Elements or otherwise perform any obligation under this Declaration, Declarant shall have the right, but not the obligation, to perform such duties for the account of the Association. In such event, Declarant will be entitled to reimbursement from the Association for all costs incurred by Declarant, such reimbursement to be due within thirty (30) days after receipt by the Association of an invoice from Declarant itemizing the costs incurred. After expiration of the thirty (30) day period allowed for payment, Declarant may collect interest on the amount due at the rate of twelve percent (12%) per annum, plus any costs incurred in collecting same (including, without limitation, reasonable attorneys' fees).

ARTICLE VIII

COVENANT FOR MAINTENANCE ASSESSMENTS

8.1 Creation of Lien and Personal Obligation for Assessments and Special Assessments. The Declarant, for each Unit owned within the Property, shall be deemed to covenant and agrees, and each Owner of any Unit, by acceptance of a deed therefore, whether or not it shall be so expressed in any such deed or other conveyance, shall be deemed to covenant and agree to pay to the Association all Assessments and Fines, together with such interest thereon and costs of collection thereof as herein provided. Said Assessments, Fines, interest and costs of collection, including reasonable attorneys' fees, shall be a charge on the land and shall be a continuing lien upon the Unit against which each such Assessment or Fine is made. Such Assessments and Fines, including reasonable attorneys' fees, shall be a charge on the land and shall be a continuing lien upon the Unit against which each such Assessment or Fine is made. Such Assessments and Fines, including reasonable attorneys' fees, shall be the personal obligation of the Person who was the Owner of such Unit at the time the Assessment or Fine fell due. The personal obligation for any delinquent Assessment or Fine shall not pass to his or her successors in title unless expressly assumed by them. No Unit Owner may become exempt from liability for payment of Assessments or Fines by waiver of the use or enjoyment of the Common Elements or by abandonment of the Unit against which Assessments are made or Fines are assessed. Omission or failure to fix an Assessment or deliver or mail a statement for any period shall not be deemed a waiver, modification or release of a Unit Owner from his or her obligation to pay the same.

8.2 Purpose of Assessments. The Assessments levied by the Association through its Executive Board shall be used exclusively for the purpose of promoting the health, safety and welfare of the residents in the Common Interest Community; for the maintenance, repair and upkeep of the Common Elements and for any other maintenance obligations or common services which may be deemed necessary by the Association for the common benefit of the Unit Owners, or the maintenance of property values, or for the payment of expenses which may be incurred by virtue of an agreement with or requirement of any city, county or other local government authority. The Assessments shall further be used to provide adequate insurance of various types, and in such amounts deemed necessary by the Executive Board, with respect to the Common Elements located within the Common Interest Community. Further, the Assessments shall provide a reserve fund for replacements on a periodic basis as the Executive Board determines necessary to adequately provide for such replacements as may be required by this Declaration.

(B)

8.3 Annual Common Expense Assessment. The total annual Common Expense Assessment against all Units shall be based upon the Association's advance budget of the cash requirements needed by it to provide for the administration and performance of its duties during such Common Expense Assessment year, which estimates may include, among other things:

8.3.1 Expenses of management;

8.3.2 Premiums for all insurance which the Association is required or permitted to maintain;

8.3.3 Repairs and maintenance;

8.3.4 Wages for Association employees, if any;

8.3.5 Legal and accounting fees;

8.3.6 Any deficit remaining from a previous Assessment year;

8.3.7 The creation of reasonable contingency reserves, working capital and/or sinking funds;

and

8.3.8 Any other costs, expenses and fees, which may be incurred or may reasonably be expected to be incurred by the Association for the benefit of the Unit Owners under or by reason of this Declaration.

8.3.9 Such Common Expense Assessments shall be collected at such intervals as is determined by the Executive Board but not less frequently than on an annual basis.

8.4 Special Assessments.

8.4.1 In addition to the Common Expense Assessments authorized above, the Association may at any time, from time to time, determine, levy and assess a Special Assessment for the purpose of defraying in whole or in part, payments for any operating deficit and/or unbudgeted costs, fees and expenses of any construction, reconstruction, repair, demolition, replacement or maintenance of the Common Elements or for "Capital Improvements." Any such Special Assessment made by the Executive Board must be approved by not less than seventy-five percent (75%) of the Members who are voting in person or by proxy at a meeting duly called for that purpose. No Special Assessment for legal action pursued by the Association shall be required of the Declarant without written Approval by the Declarant. The amounts determined, levied and assessed pursuant hereto shall be assessed equally against each Unit. Notice in writing setting forth the amount of such Special Assessment per Unit and the due date for payment thereof shall be given to the Unit Owners not less than thirty (30) days prior to such due date.

8.4.2 "Capital Improvements," as used herein, shall mean the construction, erection or installation of substantial structure(s) or other substantial improvement(s) in the Common Interest Community, but shall not include the construction, reconstruction, erection, installation, maintenance, repair or replacement of the Common Elements presently located on the Property or which may hereafter be constructed, erected or installed on the Property by the Declarant in its development of the Common Interest Community.

8.4.3 Notice and Quorum. Written notice of any meeting called for the purpose of taking any action authorized under this Section 8.4 shall be sent to all Members not less than five (5) nor more than thirty (30) days in advance of the meeting. At the first such meeting called, the presence of Members or of

proxies, if permitted, entitled to cast twenty percent (20%) of all votes of the membership shall constitute a quorum. If the required quorum is not present, the meeting shall be continued to another date to be decided by the voting Members at the first meeting, and it will be called subject to the same notice requirements, and the required quorum at the subsequent meeting shall be ten percent (10%) of all votes of the membership. No such subsequent meeting shall be held more than sixty (60) days following the preceding meeting.

8.5 Rate of Assessment. Except as otherwise provided in this Section 8.5 and in Section 8.14, each Owner shall be responsible for a fraction, the numerator of which shall be 1 and the denominator of which shall be equal to the number of Units in the Common Interest Community, of all Common Expense Assessments, plus any Special Assessments which shall be allocated to each Unit. Notwithstanding the foregoing, any Common Expense Assessments or Special Assessments which benefit fewer than all Owners shall be assessed exclusively against the Units benefited.

8.6 Date of Commencement of Annual Common Expense Assessments. Common Expense Assessments shall begin on the first day of the month in which conveyance of the first Unit to a Unit Owner other than the Declarant occurs. The first Common Expense Assessment shall be prorated according to the number of days remaining in the Assessment period established by the Executive Board. The Executive Board shall fix the amount of the annual Common Expense Assessment against each Unit at least yearly. Written notice of the Common Expense Assessment shall be sent to every Unit Owner subject thereto.

8.7 Association Lien and Effect of Non-Payment of Assessment. The Assessments, charges, fees, Fines, impositions, interest, costs, late charges, expenses and reasonable attorneys' fees which may arise under the provisions of this Declaration, shall be burdens running with, and perpetual liens in favor of the Association upon, the specific Unit to which such Assessments apply. Recording of the Declaration constitutes record notice and perfection of the Association's lien. Further recording of a claim or lien for an Assessment under this section is not required. Any Assessment, charge or fee provided for in this Declaration, or any installment thereof, which is not fully paid within ten (10) days after the due date thereof shall bear interest at the rate of eighteen percent (18%) per annum from the due date, and the Association may assess a late charge thereon. In the event of default in which any Unit Owner does not make payment of any Assessment levied against his or her Unit within ten (10) days of the due date, the Executive Board shall have the right to declare all unpaid Assessments for the pertinent fiscal year immediately due and payable. Further, the Association may bring an action at law or in equity, or both, against any Unit Owner personally obligated to pay such overdue Assessments, charges or fees, or installments thereof, and may also proceed to foreclose its lien against such Owner's Unit. An action at law or in equity by the Association against a Unit Owner to recover a money judgment for unpaid Assessments, charges or fees, or installments thereof, may be commenced and pursued by the Association without foreclosing or in anyway waiving, the Association's lien therefore. In the event that any such Assessment, charge or fee, or installment thereof, is not fully paid when due and the Association shall commence such action (or shall counterclaim or crossclaim for such relief in any action) against any Unit Owner personally obligated to pay the same, or shall proceed to foreclose its lien against the particular Unit, then all unpaid Assessments, charges and fees, and all unpaid installments thereof, and any and all late charges and accrued interest under this section, the Association's costs, expenses and reasonable attorneys' fees incurred in preparing and recording any lien notice, and the Association's costs of suit, expenses and reasonable attorneys' fees incurred for any such action and/or foreclosure proceedings shall be taxed by the court as a part of the cost of any such action or foreclosure proceeding and shall be recoverable by the Association from any Unit Owner personally obligated to pay the same and from the proceeds of the foreclosure sale of such Owner's Unit. Foreclosure or attempted foreclosure by the Association of its lien shall not be deemed to estop or otherwise preclude the Association from thereafter again foreclosing or attempting to foreclose its lien for any subsequent Assessment, charge or fee, or

installment thereof, which is not fully paid when due. The Association shall have the power and right to bid on or purchase any Unit at foreclosure or other legal sale, and to acquire and hold, lease, mortgage, vote the Association votes appurtenant to ownership thereof, convey or otherwise deal with the same. A lien for an unpaid Assessment is extinguished unless proceedings to enforce the lien are instituted within six (6) years after the full amount of Assessments becomes due, except that if an Owner of a Unit subject to a lien under this section filed a petition for relief under the United States Bankruptcy Code, the time period for instituting proceedings to enforce the Association's lien shall be tolled until ninety (90) days after the automatic stay of proceedings under §362 of the Bankruptcy Code is lifted. In any action by the Association to collect Assessments or to foreclose a lien for unpaid Assessments, the court may appoint a receiver for the Unit to collect all sums alleged to be due from the Unit Owner or a tenant of the Unit Owner prior to or during the pendency of the action. The court may order the receiver to pay any sums held by the receiver to the Association during the pendency of the action to the extent of the Association's currently accruing or past due assessment.

8.8 Subordination of Lien to Security Interests. A lien under this section is prior to all other liens and encumbrances on a Unit except:

8.8.1 Liens and encumbrances recorded before the recordation of this Declaration;

8.8.2 A First Security Interest on the Unit recorded before the date on which the Assessment sought to be enforced became delinquent; and

8.8.3 Liens for real estate taxes and other governmental assessments or charges against the Unit.

8.8.4 A lien under this section is also prior to all Security Interests to the extent that the Assessments are based on the periodic budget adopted by the Association and which would have become due, in the absence of acceleration, during the six (6) months immediately preceding institution of an action to enforce either the Association's lien or a Security Interest, and statutory liens recognized under Colorado law. If a holder of a First Security Interest in a Unit forecloses that Security Interest, the Purchaser at the foreclosure sale is not liable for any unpaid Assessments against the Unit which became due before the sale, other than the Assessments which are prior to the Security Interest under this section of the Declaration. Any unpaid Assessments not satisfied from the proceeds of sale become Common Expenses collectible from all Unit Owners, including the Purchaser. Sale or transfer of any Unit shall not affect the lien for said Assessment charges except that a sale or transfer of any Unit pursuant to foreclosure of any First Security Interest, or any proceeding in lieu thereof, including deed in lieu of foreclosure, or cancellation or forfeiture of any such executory land sales contracts shall only extinguish the lien of Assessment charges which become due more than six (6) months immediately preceding institution of an action to enforce either the Association's lien or a Security Interest, and statutory liens recognized under Colorado law. No such sale, transfer, foreclosure or other proceeding in lieu thereof, including deed in lieu of foreclosure, shall relieve any Unit from liability for any Assessment charges thereafter becoming due, nor from the lien thereof. This section does not affect the priority of mechanics' or materialmen's liens.

8.9 Record of Receipts and Expenditures. The Association shall keep detailed and accurate records in chronological order of all of its receipts and expenditures, specifying and itemizing the maintenance and repair of expenses of the Common Elements and any other expenses incurred. Such records and the vouchers authorizing the payments shall be available on request for examination by the Unit Owners and others with an interest, such as prospective lenders.

8.10 Notice to Security Interest. Upon the request of a holder of a First Security Interest on a Unit, and upon payment of reasonable compensation therefore, the Association shall report to such party any unpaid Assessment or other defaults under the terms of this Declaration which are not cured by the Unit Owner within thirty (30) days.

8.11 Certificate of Status of Assessments. The Association, upon written request to the Association's registered agent, personally delivered or delivered by certified mail, first class postage prepaid, return receipt requested, and upon payment of a reasonable fee, but in no event less than Twenty Dollars (\$20.00), shall furnish to a Unit Owner or such Unit Owner's designee or to a holder of a Security Interest or its designee, a statement, in recordable form, setting out the amount of the unpaid Assessments against the Unit. The statement must be furnished within fourteen (14) business days after receipt of the request and is binding on the Association, the Executive Board and each Unit Owner. A properly executed certificate of the Association as to the status of Assessments on a Unit is binding upon the Association as of the date of its issuance. Omission or failure to fix an Assessment or deliver or mail a statement for any period shall not be deemed a waiver, modification or release of a Unit Owner from his or her obligation to pay the same.

8.12 Homestead. The lien of the Association Assessments shall be superior to any homestead exemption as is now or may hereafter be provided by Colorado or federal law. The acceptance of a deed to land subject to this Declaration shall constitute a waiver of the homestead exemption as against said lien.

8.13 Exempt Property. The following property subject to the Declaration shall be exempted from the Assessments, charges and liens created herein: none other

8.13.1 All properties to the extent of any easement or other interest therein dedicated and accepted by a municipal or quasi-municipal corporation or other local public utility or authority and devoted to public use.

8.13.2 All Common Elements.

8.14 Common Expenses Attributable to Fewer than All Units.

8.14.1 An Assessment to pay a judgment against the Association may be made only against the Units in the Common Interest Community at the time the judgment was entered, in proportion to their Common Expense Liabilities.

8.14.2 If a Common Expense is caused by the misconduct of a Unit Owner, the Association may assess that expense exclusively against that Unit Owner's Unit.

8.14.3 Fees, charges, taxes, impositions, late charges, Fines, collection costs and interest charged against a Unit Owner pursuant to the Documents and the Act are enforceable as Common Expense Assessments against that Unit Owner's Unit.

8.14.4 Any Common Expense associated with the maintenance, repair, or replacement of a Limited Common Element if any shall exist, shall be assessed against the Unit(s) to which that Limited Common Element is assigned or appurtenant, equally, or in any other proportion determined by the Executive Board after considering the relative size and value that said Limited Common Element bears to all Limited Common Elements and the Units being assessed.

(B)

8.14.5 Any Common Expense or portion thereof benefiting fewer than all of the Units must be assessed exclusively against all the Units benefited in the proportions determined by the Executive Board after considering the relative size and value, that the Units being benefited bear to all Units benefited.

ARTICLE IX

INSURANCE

9.1 Insurance Requirements Generally. To the extent reasonably available, the Association shall obtain and maintain insurance as described in this Article. If such insurance is not reasonably available, and the Executive Board determines that any insurance described in this Article will not be provided by the Association, the Executive Board shall cause notice of that fact to be hand delivered or sent, postage prepaid, by United States mail to all Unit Owners at their respective last known addresses. All such insurance shall be underwritten, to the extent possible, with companies licensed to do business in Colorado having a Best's Insurance Report rating of A/VI or better covering the risks described below. To the extent possible, property and liability insurance shall incorporate the following:

9.1.1 Waiver. A waiver by the insurer of any right to subrogation under the policy against a Unit Owner, members of the household of a Unit Owner, and the Association, its Directors, officers, employees and agents.

9.1.2 Act or Omission. An act or omission by a Unit Owner will not void the policy or be a condition of recovery under the policy.

9.1.3 Severability of Interest. A "severability of interest" clause shall be included providing that the insurance cannot be canceled, invalidated or suspended on account of the negligent or intentional acts of the Association, its Directors, officers, employees and agents.

9.1.4 Other Insurance. If there is other insurance in the name of a Unit Owner at the time of a loss which covers the same risk covered by the Association policy, the Association's policy shall provide primary insurance.

9.1.5 Adjusted Losses. All losses must be adjusted with the Association as agent of the Unit Owners.

9.1.6 Policies from Casualty Insurance. Proceeds from the casualty policy on account of loss shall be paid to an insurance trustee if one is designated in the policy for that purpose and otherwise to the Association, but, in any case, proceeds shall be held in trust for the Unit Owner and the Unit Owner's Mortgagee.

9.1.7 Cancellation. The insurer may not cancel or refuse to renew the policy until thirty (30) days after notice of the proposed cancellation or non-renewal has been mailed to the Association, to each Unit Owner and to each holder of a Security Interest to whom a certificate or memorandum of insurance has been issued, at their respective last known addresses.

9.1.8 Name of Insured. The policy shall be issued in the name of MOUNTAIN SHADOWS FIRESTONE HOMEOWNERS ASSOCIATION, INC. for the use and benefit of the individual Owners.

9.1.9 Maximum Deductible. The maximum deductible for casualty insurance shall be the lesser of Five Thousand Dollars (\$5,000.00) or one percent (1%) of the face amount of the policy.

9.2 Public Liability and Property Damage Insurance. The Association shall obtain and maintain comprehensive public liability insurance, including non-owned and hired automobile liability coverage and personal injury liability coverage, covering liabilities of the Association, its Directors, officers, employees, agents and Members arising in connection with the ownership, operation, maintenance, occupancy or use of the Common Elements and any other area the Association is required to maintain, repair or replace pursuant to this Declaration with a minimum single limit or per occurrence limit of One Million Dollars (\$1,000,000.00).

9.3 Workmen's Compensation and Employees Liability Insurance. The Association shall obtain and maintain workmen's compensation and employees liability insurance as may be necessary to comply with applicable laws.

9.4 Fidelity Bonds. To the extent available at reasonable costs, a blanket fidelity bond or dishonest insurance coverage shall be maintained for anyone who either handles or is responsible for funds held or administered by the Association, whether or not he or she receives compensation for his or her services. The bond or insurance shall name the Association as obligee and shall cover the maximum funds that will be in the custody of the Association or the Manager at any time while the bond or insurance is in force. In no event shall the bond or coverage be for an amount less than the sum of three (3) months' assessments plus reserve funds.

9.5 Directors and Officers Liability Insurance. The Executive Board may obtain and maintain Directors and Officers liability insurance, if available, covering all of the Directors and officers of the Association. This insurance will have limits determined by the Executive Board.

9.6 Other Insurance. The Association may carry other insurance which the Executive Board considers appropriate to protect the Association.

ARTICLE X

INDEMNIFICATION

Provide for the indemnification of the Association's officers and the Executive Board and maintain Directors and Officers liability insurance on any threatened, pending or completed action, suit or proceeding to which the Officers or the Executive Board was or is a party or is threatened to be made a party by reason of the fact that it is or was an Officer or member of the Executive Board of the Association (other than an action by or in the right of the Association) involving an alleged cause of action for damages arising from the performance of its activities on behalf of the Association, the Association shall indemnify the Officers and the Executive Board against expenses, including attorneys' fees, judgments and amounts paid in settlement, actually and reasonably incurred by it in connection with such action, suit or proceeding if the Officers and/or the Executive Board acted in good faith and in a manner it reasonably believed to be in or not opposed to the best interests of the Association, and provided that its conduct has not been found by a nonappealable court judgment, order, decree or decision to constitute fraud, deceit, willful or wanton misconduct, or a wrongful taking. The termination of any action, suit or proceeding by judgment, order, or settlement shall not, of itself, create a presumption that the Executive Board did not act in good faith and in a manner which it reasonably believed to be in or not opposed to the best interests of the Association.

ARTICLE XI

SPECIAL DECLARANT RIGHTS AND ADDITIONAL RESERVED RIGHTS

11.1 Special Declarant Rights. The Declarant hereby expressly reserves the right, for a period of ten (10) years following the recordation of this Declaration in the office of the Clerk and Recorder of Weld County, Colorado, to perform the acts and exercise the rights hereinafter specified ("Special Declarant Rights"). The Special Declarant Rights include the following:

11.1.1 Control of Association and Executive Board. The right to appoint and remove any officer or member of the Executive Board.

11.1.3 Sales Management and Marketing. The right to construct, operate, maintain and/or relocate from time to time model homes, sales offices, construction offices, management offices, signs advertising the Units and Common Interest Community and models and to conduct sales activities therein. 11.1.4 Construction and Access Easements. The right to use easements through the Common Elements for the purpose of making improvements and to provide access. The right to construct and complete the construction of Units, utilities, buildings, streets and roads and all other improvements on the Property, and to repair and maintain the Common Elements.

11.1.5 Master Association. The right to make the Common Interest Community subject to a Master Association.

11.1.6 Merger. The right to merge or consolidate the Common Interest Community with another developed property of the same form of ownership.

11.2 Additional Reserved Rights. In addition to the Special Declarant rights set forth in Section 11.1 above, the Declarant also reserves the following additional rights ("Additional Reserved Rights"):

11.2.1 Dedications. The right to establish, from time to time, by dedication or otherwise, utility and other easements for purposes, including, but not limited to, streets, paths, walkways, and drainage areas, and to create other reservations, exceptions and exclusions for the benefit of and to serve the Unit Owners within the Common Interest Community.

11.2.2 Use Agreements. The right to enter into, establish, execute, amend and otherwise deal with contracts and agreements for the use, lease, repair, maintenance or regulation of recreational facilities, which may or may not be a part of the Common Interest Community for the benefit of the Unit Owners and/or the Association.

11.2.3 Colorado Common Interest Ownership Act. The right to amend this Declaration to comply with the requirements of the Colorado Common Interest Ownership Act in the event any provision contained herein does not so comply with the Act.

(B)

11.2.4 Allocations Regarding Limited Common Elements. The right to allocate specified areas which constitute a part of the Common Elements as Limited Common Elements for the exclusive use of the Owners of Units to which the specified areas shall become appurtenant. The Declarant may assign such Common Elements as Limited Common Elements pursuant to the provisions of C.R.S. §38-33.3-208 of the Act (i) by making such an allocation in a recorded instrument or (ii) in the deed to the Unit to which such Limited Common Element shall be appurtenant or (iii) by recording an appropriate amendment or supplement to this Declaration. Such allocations by the Declarant may be to Units owned by the Declarant. Subsequent to expiration of the Declarant Control period, the right of allocation pursuant to this Section shall pass from the Declarant to the Executive Board, and the Declarant may not thereafter exercise any such right.

11.2.5 Other Rights. The right to exercise any Additional Reserved Right created by any other provision of this Declaration.

11.3 Rights Transferable. No successor or assignee of the Declarant shall have any rights or obligations of the Declarant hereunder unless such rights and obligations are specifically set forth in an instrument or succession or assignment or which pass by operation of law. The rights and obligations set forth in this Article XI of the Declarant shall cease when residential housing construction contemplated within the Project is substantially completed and are to be construed as development rights which are independent of any rights that the Declarant may have by membership in the Association.

ARTICLE XII

ARCHITECTURAL CONTROL

12.1 Architectural Control Committee

12.1.1 Committees. There may be no less than one (1) Architectural Control Committee for the Property. Additional Architectural Control Committees may be created with respect to some or all of the Development Property (defined below). Reference herein to an Architectural Control Committee with respect to a specific Unit or Units shall be deemed to be a reference only to the Architectural Control Committee appointed to govern the Unit(s) in question.

12.1.2 Membership. Subject to any limitations of §303 of the Act, as long as the Declarant is the owner of one (1) or more Units, the Declarant shall appoint the members of the Architectural Control Committee(s). At such time as the Declarant is no longer the owner of one (1) or more Units within the Common Interest Community, then the members of the Architectural Control Committee shall be appointed by the Executive Board from among the members of the Association.

12.1.3 Term. Each member of the Architectural Control Committee shall serve at the pleasure of the Persons or body appointing such member. In the event of the death or resignation of any member of an Architectural Control Committee, the Persons or body that appointed such member shall appoint a successor.

12.1.4 Decisions. All decisions of an Architectural Control Committee shall be by a majority vote of those members of the Architectural Control Committee present at a meeting at which a quorum is present. A majority of the members of the Architectural Control Committee shall constitute a quorum.

12.1.5 Compensation. The members of an Architectural Control Committee shall not be entitled to any compensation for services performed pursuant to this Declaration. However, the Architectural

Control Committee may assess such plan check fees or similar charges as it deems appropriate or as stipulated in Section 12.4, but in no event more than \$100.00 per Unit per submission. An Architectural Control Committee may waive such plan check fee if plans are submitted for the purpose of obtaining consent to a proposed alteration of an existing improvement.

12.1.6 Delegation. An Architectural Control Committee shall have the power to delegate the responsibility for reviewing any application submitted to the Architectural Control Committee to a professional architect, landscape architect, engineer, or other professional person who is qualified to review the issues raised in the application. An Architectural Control Committee shall also have the power to require that the applicant pay the fees reasonably incurred by an Architectural Control Committee in retaining such professional to review the application submitted.

12.1.7 Non liability. No member of an Architectural Control Committee shall be liable to the Association or to any Owner or Member for any loss, damage, or injury arising out of or in connection with the performance of the duties of an Architectural Control Committee under this Declaration, unless such action constitutes willful misconduct or bad faith on the part of an Architectural Control Committee. Review and consideration of any application submitted to an Architectural Control Committee shall be pursuant to this Declaration, and any Approval granted shall not be considered Approval of the structural safety or integrity of the improvements to be constructed or conformance of such improvements with building codes, zoning resolutions, subdivision regulations, or other governmental rules and regulations applicable to the Common Interest Community.

12.2 Control. No construction, alteration, addition, modification or construction of any building, fence, wall, structure, or other improvement within the Common Interest Community shall be commenced or maintained until the plans and specifications thereof shall have been approved by the Architectural Control Committee.

12.3 Purpose. The Architectural Control Committee is established for the purpose of maintaining within the Common Interest Community a consistent and harmonious general character of development and a style and nature of building, design and individual appeal consistent with the natural beauty and features of the Common Interest Community.

12.4 Submission. Each application for Approval shall include the following:

12.4.1 Two (2) complete copies of a site plan of the Unit. The site plan shall show the following:

- (a) Finished elevation of the Dwelling Units, outbuildings or other improvements.
- (b) A building footprint with dimensions from the front, rear and side property lines of the Unit.
- (c) Driveways and walkways located on the Unit.
- (d) Any existing structures on the Unit.
- (e) Location of improvements with respect to the utility lines and facilities.

12.4.2 Two (2) complete sets of construction plans and specifications. Said plans and specifications shall include the following minimum information:

- (a) Floor plans of all levels of any Dwelling Unit, which plans shall contain sufficient detail to describe the elements of the floor plan design.

(B)

(b) Total square footage for each level of any Dwelling Unit.

(c) Building elevations on all sides of the proposed structure containing sufficient detail to determine roof form and material, window locations, siding material, and door placement.

(d) A written description of the materials to be used in the roof and exterior walls of the structure.

(e) The size, type, and material to be incorporated in any fencing to be located on the Unit.

(f) The color of any paint or stain to be applied to the improvements.

12.5 Rules and Guidelines. Subject to prior written approval by the Executive Board, each Architectural Control Committee may issue rules setting forth procedures for the submission of plans for Approval and may also issue guidelines setting forth the criteria that each Architectural Control Committee will use in considering plans submitted to it for Approval.

12.6 Review of Plans and Specifications. Each Architectural Control Committee shall consider and act upon any and all requests submitted for its Approval. The Architectural Control Committee shall approve plans and specifications submitted to it only if it determines that the construction, alteration, and additions contemplated thereby, and in the location as indicated, will comply with this Declaration; will serve to preserve and enhance the values of Units within the Common Interest Community; will be consistent with the spirit and intent of this Declaration; and will maintain a harmonious relationship among structures, vegetation, and topography within the Common Interest Community. The Architectural Control Committee shall consider the quality of workmanship, type of materials, and harmony of exterior design with other Dwelling Units, if any, located within the Common Interest Community. Should the Architectural Control Committee fail to approve or disapprove the plans and specifications submitted to it by an Owner of a Unit within thirty (30) days after complete submission of all required documents, the plans shall be resubmitted to the Architectural Control Committee by certified mail, return receipt requested, with a copy to the Declarant by certified mail, return receipt requested, and, in the event that the Architectural Control Committee fails to approve or disapprove any plans and specifications as herein provided within thirty (30) days after such resubmission to the Architectural Control Committee and Declarant by certified mail, the same shall be deemed to have been approved, as submitted, and no further action shall be required, provided, however, that no building or other structure shall be erected or allowed to remain on any Unit which violates or is inconsistent with any of the covenants or restrictions contained in this Declaration. The issuance of a building permit or license for the construction of improvements inconsistent with this Declaration shall not prevent the Association or any Owner from enforcing the provisions of this Declaration.

12.7 No Waiver of Future Approval. The approval by the Architectural Control Committee of any proposals or plans and specifications for any work to be done on a Unit or shall not be deemed to constitute a waiver of any right to withhold approval or consent to any similar proposals, plans, specifications, drawings or other matters subsequently or additionally submitted for approval by the same or different owner.

12.8 Construction. Construction of a Dwelling Unit or other structure approved by the Architectural Control Committee shall commence within twelve (12) months after Approval of the plans and specifications, and the Owner shall thereafter proceed diligently with such construction. The exterior of any such structure shall be completed and a certificate of occupancy shall be issued by the appropriate governmental authority within nine (9) months of the date of commencement of construction. The

Architectural Control Committee may grant an extension of the foregoing time periods for good cause shown and when such extension is requested by the Owner.

12.9 Landscaping. The intent of the approval process for landscaping is to encourage an open flowing relationship between lots. Any plan which defines a rigid property boundary is discouraged while plans which blend one landscaped yard into another, through the use of similar planting materials and random clumps of trees along the property lines, are encouraged. Therefore 60% of all lots, exclusive of the residence, driveways and sidewalk area shall be covered with living plants. Within sixty (60) days following the receipt of a Certificate of Occupancy from the Town of Firestone for the Dwelling Unit or commencement of occupancy of the Dwelling Unit by the owner/tenant, whichever is later, the Owner of the Dwelling Unit shall submit to the Architectural Control Committee, for its approval, a landscaping plan showing the landscaping to be installed including the location of all trees, shrubs, grass and other landscaping features. Once the plan is approved, the landscaping must be installed within three hundred sixty-five (365) days following the approval of the landscape plan. All Owners are encouraged to plant trees, shrubs and other landscaping for the purpose of enhancing the natural beauty of the subdivision.

(a) Artificial turf or artificial plants, bare ground, and weed covered or weed-infested surfaces are not considered xeriscape landscaping and are not allowed. In addition, mulched or graveled beds without landscape plant material or other areas without landscape plant material, and paved areas not required for walkways, patios or parking areas, are not considered xeriscape landscaping and may be limited or prohibited by the DRC.

12.10 Variances. The Executive Board may authorize variances from compliance with any provisions of this Declaration or any applicable rules and guidelines issued pursuant to Section 12.5 above, including restrictions upon height, size, floor area, or placement of structures or similar restrictions, when circumstances such as natural obstructions, hardships, aesthetics, flood plains, or environmental considerations may require. Such variances must be evidenced in writing and shall become effective when signed by at least a majority of the members of the Architectural Control Committee and the Executive Board. If any such variance is granted, no violation of the provisions of this Declaration shall be deemed to have occurred with respect to the matter for which the variance was granted; provided, however, that the granting of the variance shall not operate to waive any of the provisions of this Declaration or any rule or guideline for any purpose except as to the particular property and the particular provision hereof covered by the variance, nor shall the granting of a variance affect in any way the Owner's obligation to comply with any governmental laws and regulations affecting the property concerned, including, but not limited to, zoning ordinances and setback lines or requirements imposed by any governmental authority having jurisdiction.

12.11 Diversity of Architectural Styles. It is the intent of these guidelines to insure that each Dwelling Unit remains compatible with the neighborhood as a whole. In all cases the calculation of floor area does not include the floor area of any part of the garage, basement, attic, deck, patio or other similar accessory area. Each Dwelling Unit shall have a minimum of an attached two (2) car garage with space. Each Dwelling Unit shall have a continuous driveway from the public street to the vehicle entrance of the garage constructed of concrete or other approved material of sufficient depth and width to provide for a minimum of two (2) off-street parking spaces exclusive of the parking spaces within the garage.

13

12.13 Roof Pitches. The roof pitch on any Dwelling Unit must be 5/12 and greater, unless specifically approved by the Architectural Control Committee. Porches and shed elements may have roof pitches as low as 3/12.

12.14 Exterior Elevations of Residences. Any residential plan shall be designed to look attractive from all four sides. Decorative elements (masonry, veneer, shutter, dormer window, etc.) should not be limited to the front side of the Dwelling Unit.

12.15 Residence Window and Door Placement. The placement of windows and doors within the residence on flat walls should align vertically and horizontally and should not be randomly located.

12.16 Standards Regarding Use of Exterior Materials. Exterior materials shall be limited as follows:

Hardboard or fiber-cement siding shall be restricted to pre-finished or painted with natural colors as defined in Section 12.17, having no more than eight (8) inches exposure.

12.16.2 Three foot (3') minimum stone wainscot on front elevation.

12.16.3 Roofing shall be restricted to Heritage II, 25 year, weathered wood in color, or equivalent. Standard asphalt shingles are not acceptable.

ALL EXTERIOR COLORS MUST BE APPROVED BY THE

ARCHITECTURAL CONTROL COMMITTEE PRIOR TO CONSTRUCTION

12.17 Color of Exterior Materials. The color of exterior materials used on the residence must be subdued and blend with the colors of the natural landscape. Earth tones, generally muted, are recommended. Accent colors on exterior doors, window frames, fascias, soffits and trim, used with restraint in a manner which does not exceed 10% of the surface of the residence, must be approved by the Architectural Control Committee. All projections, including but not limited to, chimney flue, vents, gutters, down spouts, utility boxes, porches, railings and exterior stairways shall match the color of the surface from which they project and shall be approved by the Architectural Control Committee.

12.18 Standards Relating to Decks, Patios, Walls, Porches and House Numbers. All decks, patios, walls and porches must be within allowable building setbacks. Patios constructed out of brick, stone, concrete, wood or other materials will be permitted on a lot as long as all landscape requirements

are met. Walls constructed out of brick, stone, wood, and stucco or concrete faced with brick, stone, wood or stucco will be allowed within the building setbacks. They may be used for retaining changes in grade. Front porches and stoops may be constructed of brick, stone, colored or exposed aggregate concrete, decorative concrete or plain concrete. Other designs or colors require specific approval of the Architectural Control Committee.

12.19 Setbacks. The setbacks, which will be enforced by the Architectural Control Committee, are the same building setbacks that are required by the Town of Firestone, Colorado.

12.20 Site Grading. Site grading shall be adequate for drainage away from the Dwelling Unit and adjacent Dwelling Units; however, the grading shall not be forced to allow basement garden level or walkout windows and door, except through the use of area walls. Dwelling Units shall be sited to complement existing or planned Dwelling Units on adjacent sites. Grade level decks, patios and outside living areas are encouraged and large elevated decks or patios are discouraged. The fencing and screening standards (Section 12.22) are intended to create an open feeling and to minimize the area enclosed or partially surrounded by privacy fences, service yards or pet enclosures. The drainage and grading plan is approved by the local government agencies to ensure proper drainage and cannot be altered from the approved grading and drainage plan. See Paragraph 14.3.

12.21 Paved Areas. Hard-surfaced private driveways and parking areas are required. Asphalt or concrete is required. Any materials used to create a special paving pattern require prior approval of the Architectural Control Committee.

12.22 Screening and Fencing. No fence shall be erected, constructed, altered or maintained on a Lot without the prior approval of the Architectural Control Committee, considered on a case-by-case basis, and shall meet the following standards:

12.22.1 All homeowner installed fencing shall be completed within two (2) months of the issuance of the certificate of occupancy.

12.22.2 No fence shall be nearer to the front Lot line than the front of the Dwelling Unit or garage constructed upon such Lot.

12.22.3 No chain link fencing shall be permitted.

12.23 Standards for Exterior Mechanical Equipment. All exterior mechanical equipment shall be either incorporated into the Dwelling Unit that is constructed or be permanently enclosed by some screening material as described in 12.22 of these standards.

Awnings, clothes lines, basketball goals, play structures, swing sets or similar exterior accessories shall not be installed or used without the prior written consent of the Architectural Control Committee.

12.25 Exterior Lighting Standards. The design standard for exterior lighting shall be such that it will not interfere with the use and enjoyment of other Dwelling Units within the subdivision. The light source should not be visible from adjoining Dwelling Units, and the Architectural Control Committee shall approve the location of all exterior lighting. All exterior lighting shall be a design compatible with the structure and should be used for purposes such as illuminating entrances, decks, driveways and parking areas.

For purposes of this section, a three fourths (3/4) ton or smaller vehicle, commonly known as a "pick-up truck" shall not be deemed to be a "truck" or "commercial vehicle." The term "unused vehicle" shall mean and refer to any vehicle which has not been driven under its own propulsion for a period of four (4) days or longer. Furthermore, no Owner shall regularly park on or about a Unit (or on the streets adjoining any Unit) for more than three (3) consecutive days more than one (1) automobile, non commercial pick up truck or other vehicle; it being the intent of this provision that Owners shall not regularly park more than one personal passenger vehicle outside the garage on such Owner's Unit.

ARTICLE XIV

DRAINAGE

14.1 **Acknowledgment.** Soils within the State of Colorado consist of expansive soils, low density soils, and moisture retentive soils which will adversely affect the integrity of a Dwelling Unit if the Dwelling Unit and the Unit on which it is constructed are not properly maintained. Expansive soils contain clay minerals which have the characteristic of changing volume with the addition or subtraction of moisture, thereby resulting in swelling and/or shrinking soils. The addition of moisture to low density soils causes a realignment of soil grains, thereby resulting in consolidation and/or collapse of the soils.

14.2 **Moisture.** Each Owner of a Unit shall use his or her best efforts to assure that the moisture content of those soils supporting the foundation and the concrete slabs forming a part of the Dwelling Unit constructed thereon remain stable and shall not introduce excessive water into the soils surrounding the Dwelling Unit.

14.3 **Grading and Drainage.** Each Owner of a Unit shall maintain the grading and drainage patterns of the Unit and yard as indicated in the subdivision plans on file with the Town of Firestone, Colorado. No Owner shall modify or change the topography or contour of any drainage areas or easements, including swales, constructed on the Units and other portions of the Property from the shape and outline established by the Declarant or Persons or entities acting on behalf of the Declarant; provided, however, than an Owner shall be permitted to modify the drainage areas on his or her Unit upon receiving written Approval therefore from the Architectural Control Committee. Any Owner who in any way materially modifies the drainage pattern on the land without such Consent shall be subject to sanctions contained herein for violations of this Declaration.

14.4 **Water Flow.** The Owner of a Unit shall not impede or hinder in any way the water falling on the Unit from reaching the drainage courses established for the Unit and the Common Interest Community.

14.5 **Action by Owner.** To accomplish the foregoing, each Owner of a Unit covenants and agrees, among other things:

14.5.1 Not to install improvements, including, but not limited to, landscaping, items related to landscaping, walls, walks, driveways, parking pads, patios, fences, additions to a Dwelling Unit, or any other item or improvement which will change the grading of the Unit.

14.5.2 To fill with additional soil any back filled areas adjacent to the foundation of the Dwelling Unit and in or about the utility trenches on the Unit in which settling occurs to the extent necessary from time to time maintain the grading and drainage patterns of the Lot.

14.5.3 Not to water the lawn or other landscaping on the Unit excessively.

14.5.4 Not to plant flower beds (especially annuals) and vegetable gardens adjacent to or within four (4) feet of the foundation and slabs of the Dwelling Unit.

ITB

14.5.5 To install any gravel beds in a manner which will assure that water will not pond in the gravel areas, whether due to non perforated edging or due to installation of the base of the gravel bed at a level lower than the adjacent lawn.

14.5.6 To install a moisture barrier (such as polyethylene) under any gravel beds except any gravel beds in back filled areas).

14.5.7 To maintain the gutters and down spouts which discharge water into extensions or splash blocks by assuring that (i) gutters and down spouts remain free and clear of all obstructions and debris; (ii) water that flows from the extension or the splash block is allowed to flow rapidly away from the foundation and/or slabs; and (iii) splash blocks are maintained under sill cocks.

14.5.8 To re-caulk construction joints opening up between portions of exterior slabs and garage slabs in order to thereby seal out moisture.

14.6 **Disclaimer.** Declarant shall not be liable for any loss or damage to a Dwelling Unit caused by, resulting from, or in any way connected with soil conditions or failure of an Owner to control drainage on any Unit.

ARTICLE XV

GENERAL PROVISIONS

15.1 **Enforcement.** The Association or the Unit Owner or Owners of any of the Units may enforce the restrictions, conditions, covenants and reservations imposed by the provisions of this Declaration or any Bylaws or Rules or Regulations promulgated by the Association which are consistent with this Declaration by proceedings at law or in equity against any Person or against the Association violating or attempting to violate any of the said Bylaws or Rules and Regulations or restrictions and limitations of this Declaration, either to recover damages for such violation, including reasonable attorneys' fees incurred in enforcing this Declaration, or to restrain such violation or attempted violation or to modify or remove structures fully or partially completed in violation hereof, or both. Failure of the Association or of any Unit Owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter. The Association shall not be liable to reimburse any Unit Owner for attorneys' fees or costs incurred in any suit brought by a Unit Owner to enforce or attempt to enforce this Declaration.

15.2 **Term of Declaration.** This Declaration shall run with the land, shall be binding upon all Persons owning Units and any Persons hereafter acquiring said Units, and shall be in effect in perpetuity unless amended or terminated as provided in the Act.

15.3 **Amendment of Declaration.** Except as otherwise provided in the Act and this Declaration, and subject to provisions elsewhere contained in this Declaration requiring the Consent of the Declarant or others, any provision, covenant, condition, restriction or equitable servitude contained in, this Declaration may be amended or repealed at any time and from time to time upon Approval of the amendment or repeal by Members of the Association holding at least sixty seven percent (67%) of the voting power of the Association present in person or by proxy at a duly constituted meeting of the Members. The Approval of any such amendment or repeal shall be evidenced by the certification by the Executive Board of the Association of the vote of Members. The amendment or repeal shall be effective upon the recordation in the office of the Clerk and Recorder of Weld County, Colorado, of a certificate, executed by the President or a Vice President and the Secretary or an Assistant Secretary of the

Association setting forth the amendment or repeal in full and certifying that the amendment or repeal has been approved by the Members and certified by the Association as set forth above.

15.4 Special Rights of First Security Interests. Any First Security Interest of a mortgage encumbering any Unit, upon filing a written request therefore with the Association, shall be entitled to (a) written notice from the Association of any default by the mortgagor of such Unit in the performance of the mortgagor's obligations under this Declaration, the Articles of Incorporation, the Bylaws or the Rules and Regulations, which default is not cured within sixty (60) days after the Association learns of such default; (b) examine the books and records of the Association during normal business hours; (c) receive a copy of financial statements of the Association, including any annual audited financial statement; (d) receive written notice of all meetings of the Association or Members of the Association; (e) receive written notice of abandonment or termination of the Association; (f) receive thirty (30) days written notice prior to the effective date of any proposed, material amendment to this Declaration, the Articles of Incorporation, or the Bylaws; and (g) receive thirty (30) days written notice prior to the effective date of termination of any agreement for professional management of the Association or the Common Elements following a decision of the Executive Board to assume self management of the Common Elements.

15.5 First Security Interest Right to Pay Taxes, Rental and Insurance Premiums. Any one (1) or more First Security Interests, jointly or singly, shall be entitled to pay (a) any taxes or other charges which are in default and which may or have become a lien against any of the Common Elements; or (b) any overdue premiums on hazard insurance policies or secure new hazard insurance coverage for the Common Elements or Units, and the First Security Interests making such payments shall be entitled to immediate reimbursement therefor from the Association.

15.6 Association Right to Security Interest Information. Each Unit Owner hereby authorizes any First Security Interest holding a Security Interest on such Owner's Unit to furnish information to the Association concerning the status of such First Security Interest and the loan which it secures.

15.7 Special Approvals by First Security Interests. Unless at least sixty seven percent (67%) of the First Security Interests (based on one (1) vote for each Security Interest owned) of Units in the Association have given their written Approval, neither the Association nor any Member shall (a) by act or omission seek to abandon, partition, subdivide, encumber, sell or transfer the Common Elements or any improvements thereon which are owned, directly or indirectly, by the Association (except that the granting of access easements, utility easements, drainage easements and water facilities easements or easements for other public purposes consistent with the intended use of such property by the Association shall not be deemed within the meaning of this provision); (b) change the method of determining the obligations, assessments or other charges which may be levied against Members; (c) by act or omission change, waive or abandon any scheme or regulation, or enforcement thereof, pertaining to architectural Approval of improvement of Units, including the architectural design of the exterior appearance of Units, or the upkeep of lawns and plantings on the Common Elements; and (d) amend any material provision of this Declaration. An amendment shall not be deemed material if it is for the purpose of correcting technical errors, or for clarification only. If a First Security Interest who receives a written request for Approval of the proposed act, omission, change or amendment does not deliver or post to the requesting party a negative response within thirty (30) days, it shall be deemed to have approved such request. To be eligible either to approve or object to any written request for Approval, a First Security Interest must have previously given the Association written notice of the existence of its Security Interest.

15.8 No Partition of Common Elements. The Common Elements will be owned by the Association, and no Owner will bring any action for partition or division of the Common Elements. By acceptance of a deed or other instrument of conveyance or assignment, each Owner will be deemed to have specifically waived such Owner's rights to institute or maintain a partition action or any other action

designed to cause a division of the Common Elements, and this Section may be pleaded as a bar to any such action.

15.9 Captions. The captions contained in the Documents are inserted only as a matter of convenience and for reference, and in no way define, limit or describe the scope of the Documents or the intent of any provision thereof.

15.10 Gender. The use of the masculine gender refers to the feminine gender, and vice versa, and the use of the singular includes the plural, and vice versa, whenever the context of the Documents so require.

15.11 Waiver. No provision contained in the Documents is abrogated or waived by reason of any failure to enforce the same, irrespective of the number of violations or breaches which may occur.

15.12 Invalidity and Severability. The invalidity of any provision of the Documents does not impair or affect in any manner the validity, enforceability or effect of the remainder, and if a provision is invalid, all of the other provisions of the Documents shall continue in full force and effect.

15.13 Conflict. The Documents are intended to comply with the requirements of the Act. If there is any conflict between the Documents and the provisions of the Act, the provisions of the Act shall control. In the event of any conflict between this Declaration and any other Document, this Declaration shall control.

ARTICLE XVI

RESERVATION OF EXPANSION AND DEVELOPMENT RIGHTS

16.1 Expansion Rights. The Declarant expressly reserves the right to subject additional property ("Development Property") to the provisions of this Declaration upon the substantial completion of improvements on all or any part of the Development Property. The consent of the then Unit Owners or holders of Security Interests shall not be required for any such expansion, and the Declarant may proceed with such expansion without limitation and at its sole option.

16.2 Development and Withdrawal Rights. Notwithstanding any provision in this Declaration to the contrary, the Declarant expressly reserves the right to create additional Units and Common Elements to subdivide the Units and to convert Units into Common Elements on all or any portion of the Property or Development Property if such property is reserved for future development on the Plat. The Declarant may exercise its development rights on all or any portion of the Development Property in whatever order of development the Declarant, in its sole discretion, determines. If all or any part of the Development Property is submitted to this Declaration, this right to reserve property for future development shall apply to such property as well. The Declarant expressly reserves the right to withdraw all or any portion of the Development Property from the Common Interest Community by recording a document evidencing such withdrawal in the office of the Clerk and Recorder of Weld County, Colorado. The property withdrawn from the Common Interest Community shall be subject to whatever easements, if any, are reasonably necessary for access to or operation of the Common Interest Community. The Declarant shall prepare and record in the office of the Clerk and Recorder of Weld County, Colorado, whatever documents are necessary to evidence such easements.

16.3 Amendment of Declaration. If the Declarant elects to submit the Development Property, or any part thereof, to this Declaration, the Declarant shall record an Amendment or a Supplement to the

Declaration containing a legal description of the Development Property, or a portion thereof to be submitted to this Declaration, and reallocating the Allocated Interests so that the Allocated Interest appurtenant to each Unit will be apportioned according to the total number of Units submitted to the Declaration. The Allocated Interest appurtenant to each Unit in the Common Interest Community, as expanded, shall be a fraction, the numerator of which shall be one (1) and the denominator of which shall be the total number of Units within the Common Interest Community, as expanded.

16.4 Supplement to Plat. The Declaration shall, contemporaneously with the Amendment of this Declaration, file a supplement to the Plat showing the Development Property, or portion thereof, to be submitted to this Declaration and the Units and Common Elements created within the Development Property, or portion thereof, to be submitted to this Declaration.

16.5 Interpretation. Recording of Amendments or Supplements to the Declaration in the office of the Clerk and Recorder of Weld County, Colorado, shall automatically (i) vest in each existing Unit Owner the reallocated Allocated Interest appurtenant to his or her Unit, and (ii) vest in each holder of an existing perfected Security Interest the reallocated Allocated Interest appurtenant to the encumbered Unit. Upon the recording of an Amendment to the Declaration, the definitions in this Declaration shall automatically be extended to encompass and to refer to the Property as expanded. The Development Property, or any part thereof, shall be added to and become a part of the Property for all purposes. All conveyances of Units after such expansion shall be effective to transfer rights in all Common Elements as expanded, whether or not reference is made to any Amendment to the Declaration. Reference to this Declaration in any instrument shall be deemed to include all Amendments to the Declaration without specific reference thereto.

16.6 Maximum Number of Parcels. The maximum number of Units in the Common Interest Community shall not exceed 160 Units. The Declarant shall not be obligated to expand the Common Interest Community beyond the 160 Units initially submitted to this Declaration.

16.7 Construction Easement. The Declarant expressly reserves the right to perform construction work, store materials on the Common Elements, and the future right to control such work and the right of access thereto until its completion. All work may be performed by the Declarant without the consent or approval of any Unit Owner or holder or a Security Interest. The Declarant has such an easement through the Common Elements as may be reasonably necessary for the purpose of discharging the Declarant's obligations and exercising the Declarant's reserved rights in this Declaration. The Declarant's reserved construction easement includes the right to grant easements to public utility companies and to convey improvements within those easements. If the Declarant grants any such easements, the Plat will be amended to include a reference to the recorded easement.

16.8 Reciprocal Easement. If all or a part of the Development Property is not submitted to this Declaration, or if property is withdrawn from the Common Interest Community ("Withdrawn Property"):

16.8.1 The Unit Owners of the Development Property and/or Withdrawn Property shall have whatever easements are necessary or desirable, if any, for access, utility service, repair, maintenance and emergencies over and across the Common Interest Community; and
